

alarwool

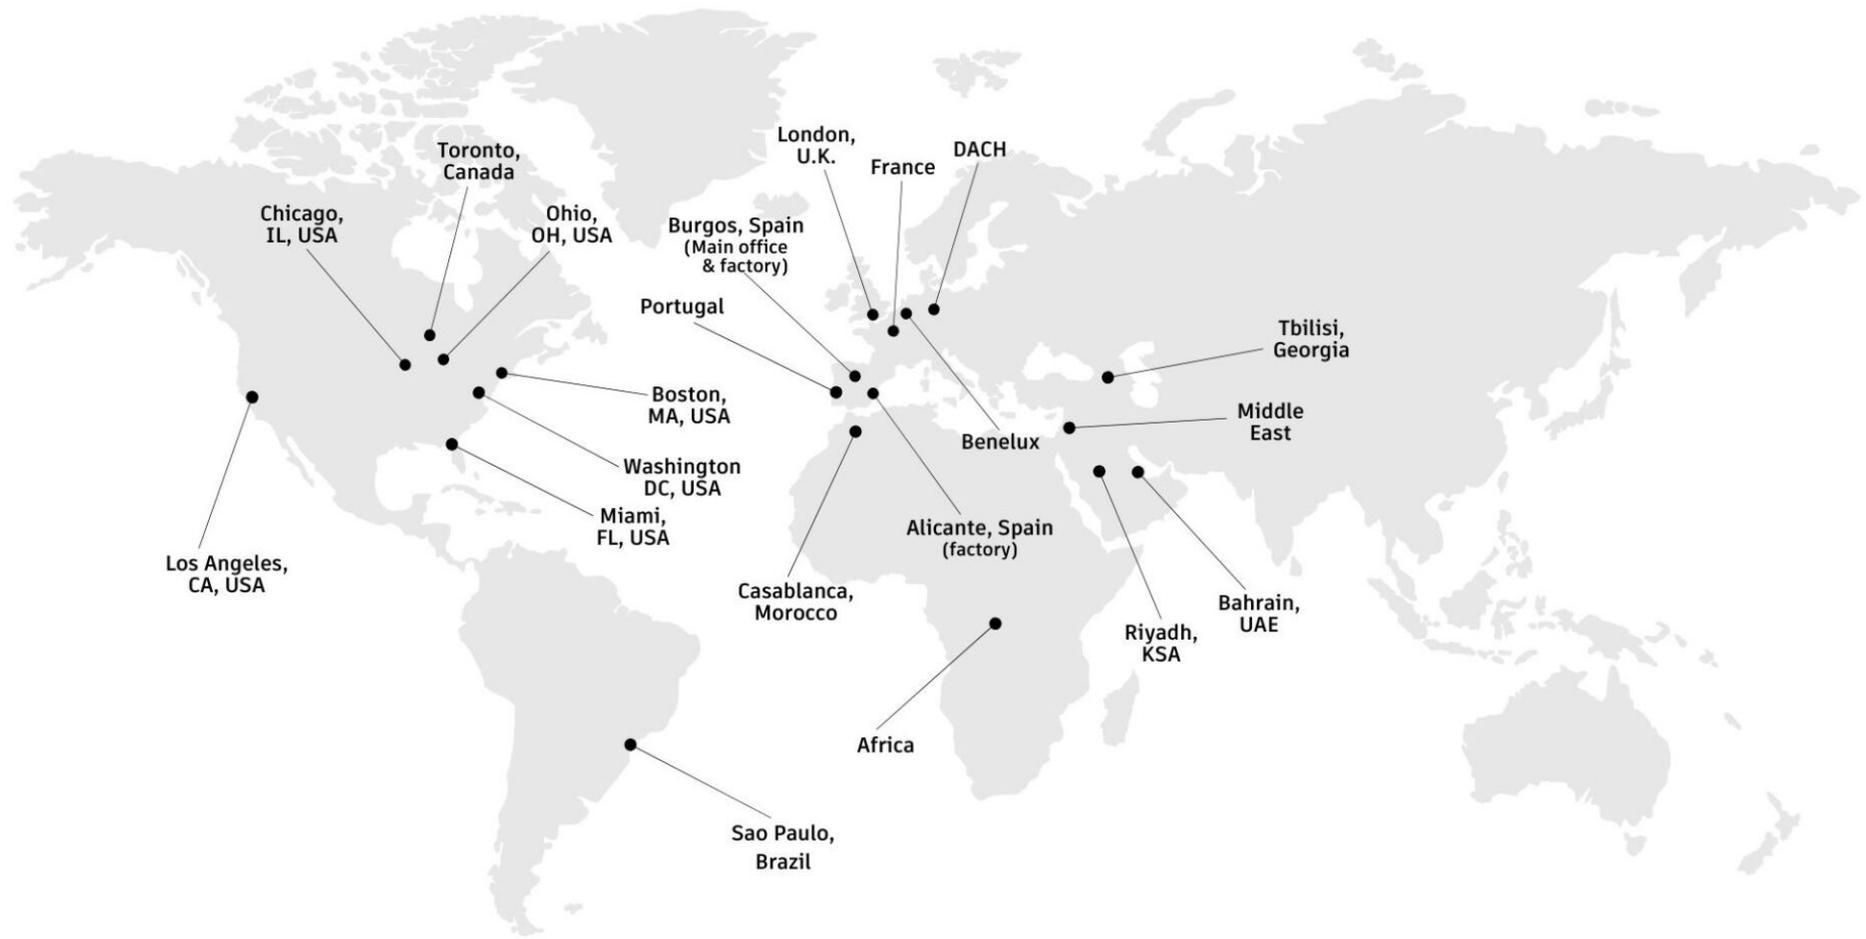

custom woven carpets

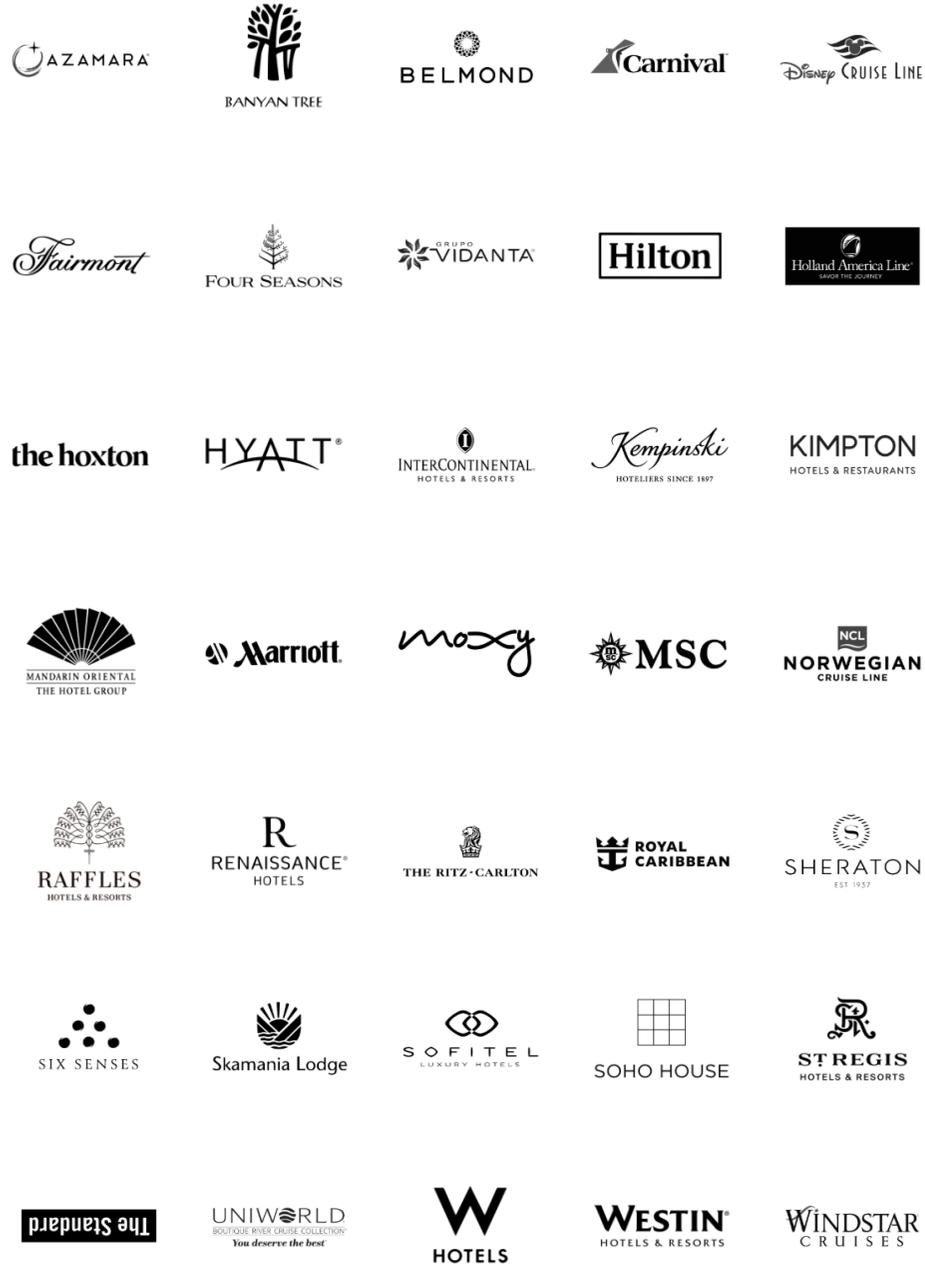

Alarwool SL. is a family-owned company with over 60 years of experience in the textile industry, headquartered in Spain. With an annual production capacity of more than 700.000 square meters, it is one of the leading manufacturers of high-quality wool carpets for hotel, casinos, cruise ships, yachts and trains. Alarwool's carpets are custom-designed to meet the highest standards of design, color and quality, developed in close collaboration with some of the world's most prestigious architectural and interior design firms.

The company is firmly committed to supporting local employment, with all manufacturing taking place at its state of the art, facility in Burgos, Spain. Remarkably, 90% of its production is exported for international projects.

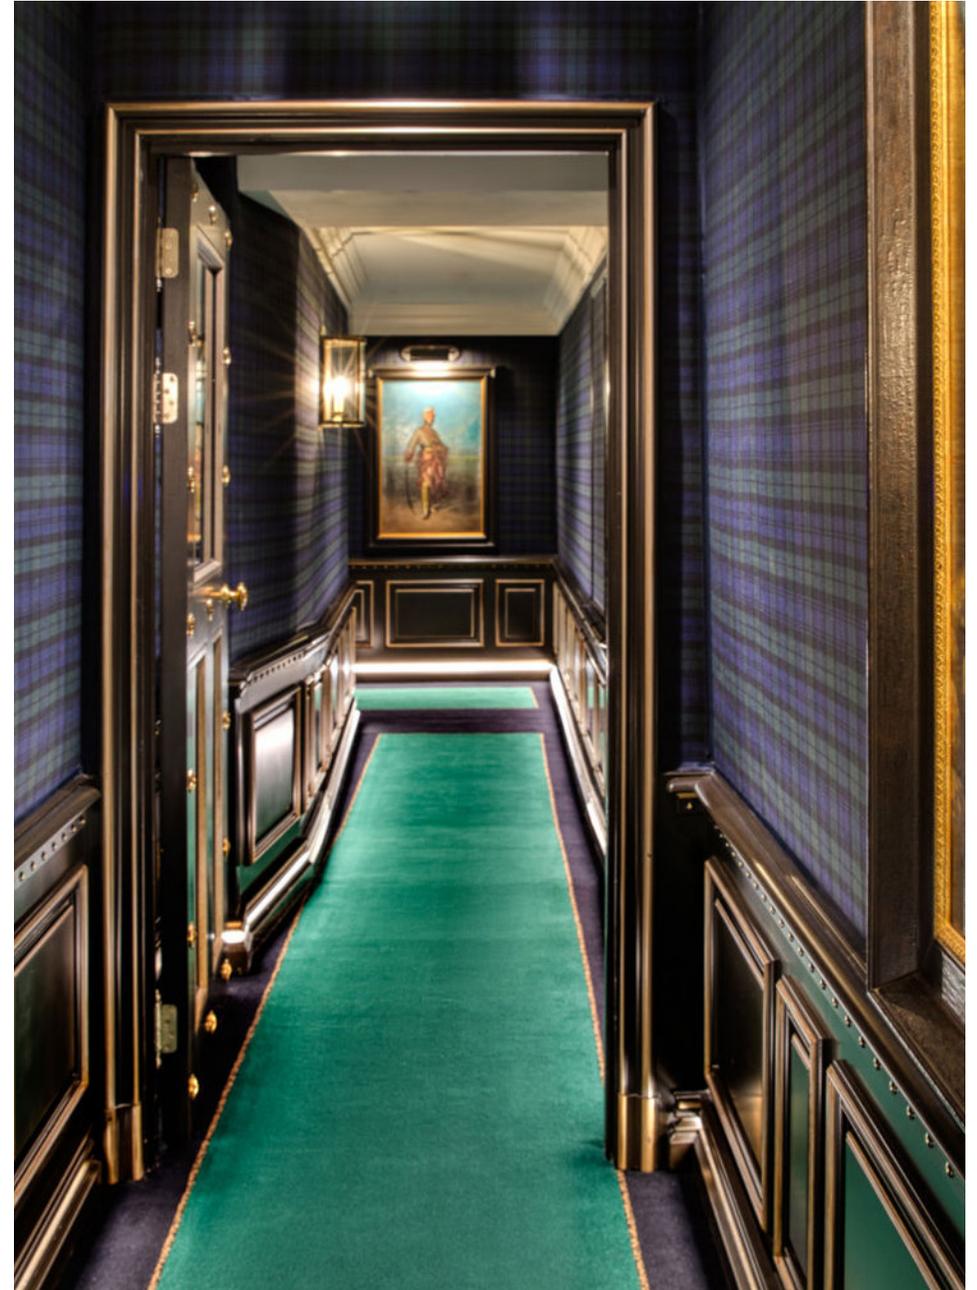

PRODUCTS

Axminster

Axminster carpets from Alarwool S.L. offer exceptional design flexibility and quality, making them the preferred choice for leading international hotel brands.

Our looms accommodate widths of up to 4 meters, allowing us to tailor production to the specific needs of each project, reducing material waste and minimizing installation costs. This versatility enables us to produce unlimited designs with up to 16 colors different densities for each area, wool, Shiny Nylon and carving.

100 Princes Street

PRODUCTS

Hand Tufted

Alarwool hand-tufted carpets combine exquisite craftsmanship and limitless design possibilities, making each piece a unique work of art for luxury spaces.

Completely handmade, they represent the ultimate in luxury, making them the perfect choice for prestigious hotels and high-end projects.

There are no restrictions on size, color palette, or design.

We can seamlessly blend various materials -such as silk, botanical silk, natural fibers, or recycled wool yarns-while incorporating diverse textures, including cut and loop pile, varying pile heights, and custom shapes

PRODUCTS

Flatweave

Alarwool's flatweave rugs offer a perfect blend of natural aesthetics and sustainability, crafted from recycled materials to provide durability and elegance for any indoor or outdoor space.

Alarwool's flatweave rugs, made from recycled polypropylene (PP), are a sustainable innovation ideal for a wide range of projects, both indoor and outdoor making them a versatile option for any project that requires both beauty and resilience.

Our looms accommodate widths of up to 4 meters, allowing us to tailor production to the specific needs of each project, reducing material waste and minimizing installation costs.

A series of designs in 4 colour options with different finishes like bound edge machine-whipped edges folded backing.

PRODUCTS

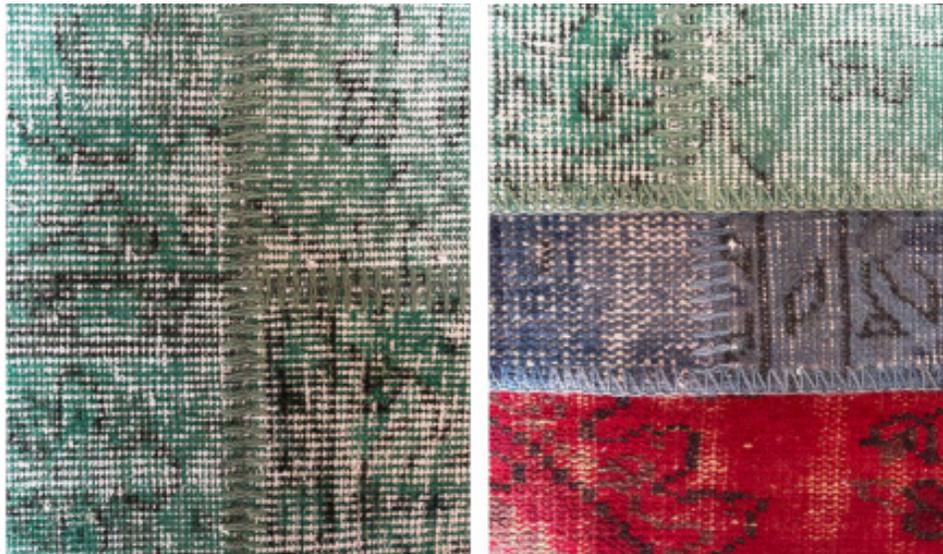

Patchwork

At Alarwool, we travel the world rescuing antique, handmade rugs, giving new life to forgotten treasures through innovative transformations that blend tradition with modern design.

At Alarwool, we travel across regions such as Pakistan, Turkey, India, and the Middle East, rescuing antique, handmade rugs that would otherwise have no future.

These rugs, often decades old, are transformed into stunning distressed and patchwork pieces, preserving the craftsmanship and cultural heritage of their origin.

These treated rugs can also be re-dyed in vibrant, modern hues such as blue, turquoise, and pink, resulting in stunning, one-of-a-kind pieces that blend tradition with contemporary flair.

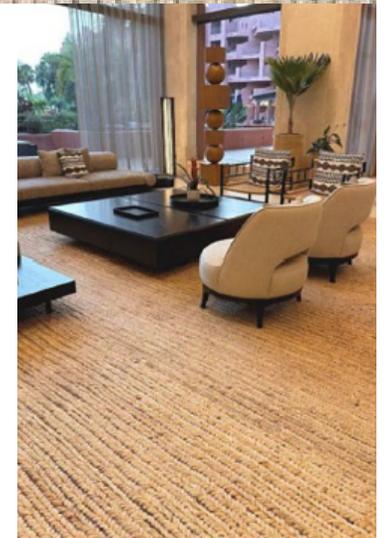

PRODUCTS

Hand Woven

Experience the artistry of hand-woven carpets, crafted with care by skilled artisans and premium materials.

We collaborate with reliable and expert suppliers who specialize in hand-loomed craftsmanship.

The materials used in our hand-woven carpets are carefully selected from premium sources, (such as Jute, Wool, Cotton, Viscose, Silk, Hemp, Banana...) guaranteeing outstanding quality in color, feel, and longevity. This artisanal approach results in carpets that are perfect for high-traffic areas in luxury hotels, cruise ships, and other prestigious venues.

PRODUCTS

Hand Knotted

Discover the elegance of hand-knotted carpets, crafted by skilled artisans and supported by our trusted suppliers.

Each piece is crafted using traditional techniques, allowing for intricate designs and patterns that give every carpet a unique character.

Skilled artisans with when we partner pour their expertise and passion into every knot, ensuring that each carpet is not only visually stunning but also durable and timeless.

The materials as Wool, Silk, Botanical Silk... used in our hand-knotted carpets is sourced from premium suppliers, guaranteeing exceptional quality in color, texture, and longevity. Hand knotted rugs also make stunning wall hanging pieces of art elevating the space by dressing the walls.

SERVICES

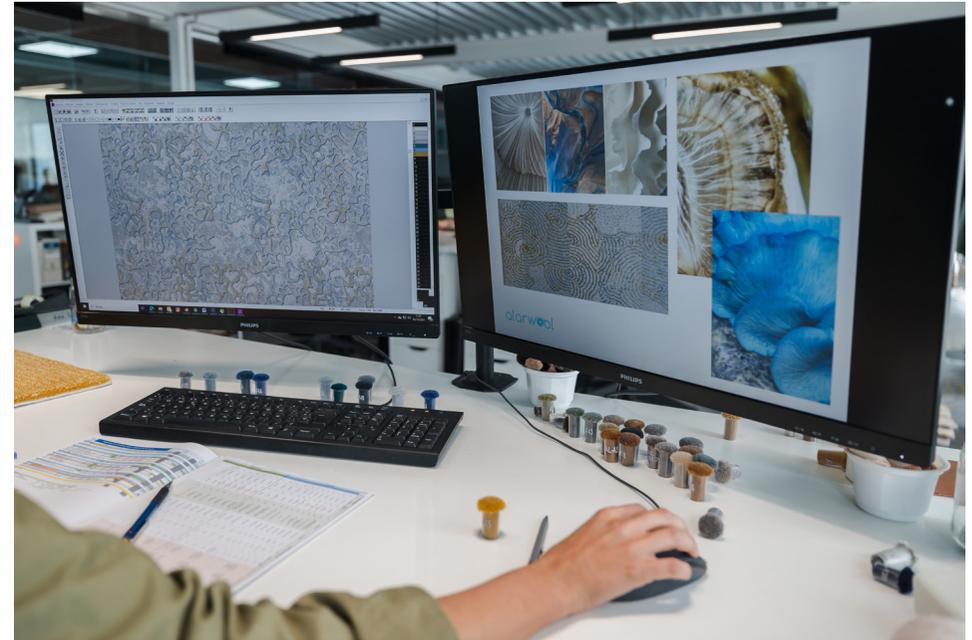

Custom Design

Transforming innovative ideas into exquisite designs, our team creates exclusive carpets that unite luxury and creativity in every space.

Our design department stands for the creative and free spirit and interpreting and giving shape to the most original and innovative proposals of our customers.

A fantasy and colourful world without constraints where the most exclusive atmospheres take shape and get transformed before our eyes. The carpets and rugs designed by our team fulfill the essential mission of linking and making sense of all the decorative elements of, for example, a luxurious presidential suite, an impressive entrance hall, or a majesty banquet hall.

Always willing to move wherever necessary in order to improve communication and speed up this phase of development of the project, our designers are an essential link in the chain that besides contributing with their experience in quality advice, textures, colouring, etc., it is also an imperative in order to get a good and trustworthy relationship with our customers.

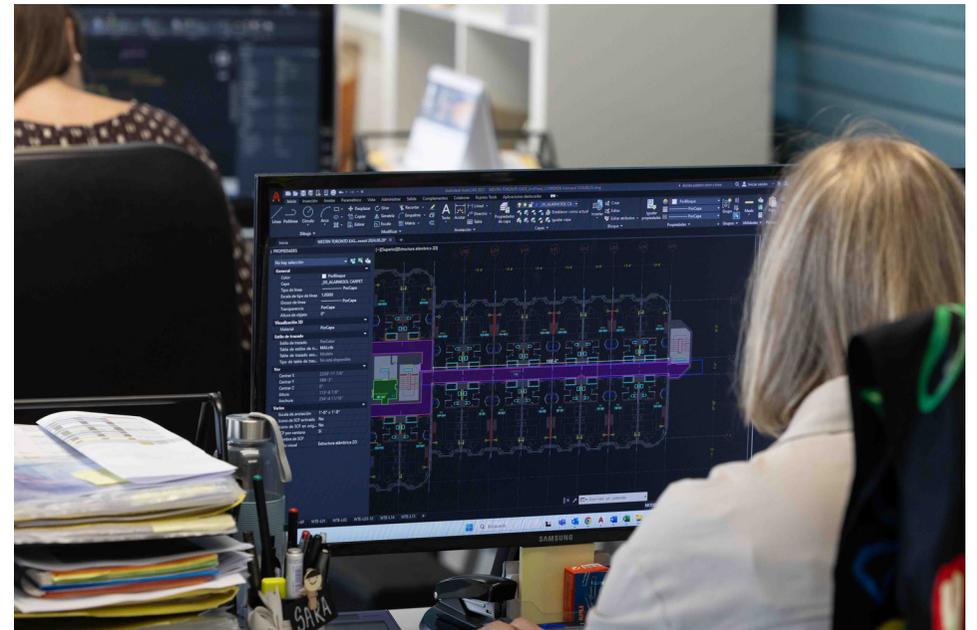

SERVICES

Project Management

Prioritizing seamless coordination and continuous oversight ensures that every project runs smoothly from conception to completion.

The project manager is the driving force behind coordinating all necessary elements for the successful and seamless development of a project. This process begins with the creation of technical and financial proposals, followed by coordination with the Design and Purchasing departments, overseeing production planning, and concluding with the logistics of delivery and installation of the goods.

All of our project managers hold advanced degrees in Architecture or Civil Engineering and are assigned to projects from the very beginning. They meticulously supervise each stage, ensuring every aspect is managed individually and thoroughly until project completion. Timely delivery, product quality, and exceptional service are fundamental priorities.

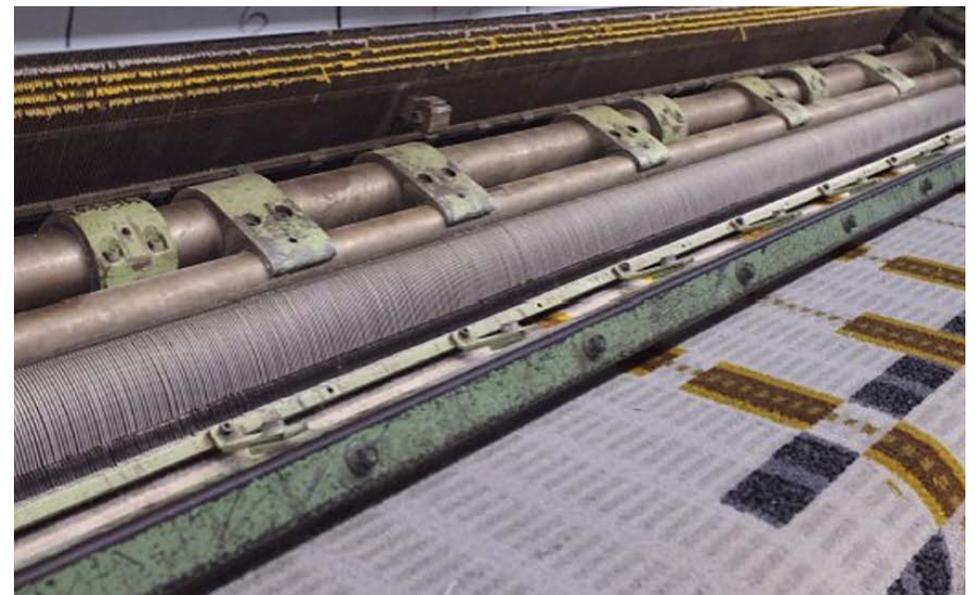

SERVICES

Production

Crafting bespoke luxury carpets with over 6 years of heritage and a commitment to quality

Our state-of-the-art facility in Burgos, Spain, serves as the heart of our manufacturing operations, where skilled artisans and advanced machinery work in harmony to bring our clients' visions to life.

Our team collaborates closely with renowned architects and designers, ensuring that every aspect of the carpet-color, texture, and design-is tailored to perfection.
